

Enter and View Target Grades

Promonitor

The Promonitor dashboard shows a sidebar with navigation options: Add Controls, Assessments, My College Structure, At Risk Students, and Uploaded Documents. A dropdown menu is open, showing options: Students, Student Groups, Tutor Groups, Courses, College Structure, and Comments. The main content area shows filters for Assessments and My College Structure, both indicating no results for the chosen filters.

The 'Student Group Filter Options' screen allows users to filter student groups by various criteria: Student Group Code, Student Group Title, Course Code, Course Title, and Teacher Name. There are checkboxes for 'Only show Student Groups which contain at least one active student' and 'Only show Student Groups related to Course Report as Qualifications'. A 'Search' button is at the bottom right.

The 'Student Group Details' screen shows a table with columns 'Student ID' and 'Name'. A dropdown menu is open, showing options: By Group, By Student, Workbook Structure, Assessment Schedule, By Skill, Target Setting, (My Manager's selection), and (None Selected). The table lists two students: 'D3 Student1' and 'D3 Student2'.

The 'Target Setting' screen shows a table with columns: Student Name, Qualification, Assessment, Current Target Grade, Aspiration Target Grade, and Target Points. The table lists three students: 'D3 Student1', 'D3 Student2', and 'D3 Student3'. The 'Current Target Grade' column shows 'Not Set' for all students.

eTrackr

The eTrackr Action Centre dashboard shows a sidebar with navigation options: Action Centre, My Students, Assessment, Assignments, Progress Review, eTutorial, Analysis & Reporting, and Setup. The main content area shows 'Announcements', 'Notifications', and 'Action Centre' tabs. The 'Assessment' dropdown menu is open, showing options: Enter Results, Enter Targets, Assignments, and Progress Review.

From the **Action Centre** select the **Assessment** drop down and click on **Enter Targets**

The eTrackr Target Setting screen allows users to select individual students or a course to enter targets for. It includes search fields for 'Course Search' and 'Student Search'. A 'My Courses' dropdown menu is also present.

From here you can either search by your **Course Groups** or by **student**.

The eTrackr Target Setting table shows target grades for three students: 'D3 Student1', 'D3 Student2', and 'D3 Student3'. The table includes columns: Student, Prior Grade, IA, ITG, ATG, and Status. The 'Current target' column shows 'Not Set' for all students.

Once you have found your group, here, you can enter the **Aspirational Target Grades (ATG)**.

N.B. The ITG for many level 3 courses will be set automatically once **Qualifications on Entry (QoE)** data is present in **REMS**

Student	Prior Quals	IA	ITG	ATG	Status
DL Student1	APS 5.00 (5-10)		Current target: A Suggested ITG: (49 UCAS Points)	A* (56 UCAS Points) Rationale vv	Last edited: Course Leader 1(18 Jun 2021)

Searching for an individual student will show you their **Current Target** and **Aspirational Target** if already set.

N.B. Aspirational Target Grades need to be added by the tutor. These should normally be of a higher value than the initial target grade, although in some cases they may be set to equal the ITG (no higher grade/exceptional circumstances). Aspirational Grades are not set below the ITG.

Courses with pass only outcomes do not need to set Aspirational Grades or have Initial Target Grades
