COURSE GUIDE

For School Leavers

Dartford | Gravesend | Tonbridge

2024/25

16+

Welcome to North Kent College

A Welcome from the Chief Executive and Executive Principal

I am delighted to introduce the 2024/25 School Leavers' Guide. Choosing which college or school to attend is one of the most exciting and important decisions you will make. The course you choose now will help shape your future career and we are committed to helping you make the right choice.

Our North Kent College (NKC) family consists of four unique campuses, Dartford, Gravesend, Tonbridge and Hadlow (our rural and land-based college). All of our campuses serve their local communities and each individual campus has its own unique identity but together we offer a broad range of programmes, enrichment and progression opportunities.

We are committed to providing our students with the best learning experience possible and welcome all students, whether joining us from school or college or returning from a break in their studies.

Our work with employers and the local community leads to many wide ranging and diverse progression opportunities and you will find within this guide several testimonies from current and past students where you will see their journeys and chosen career paths.

Take your time to explore this guide and you can find even more details on our website. Make sure to visit our year-round open events or simply give us a call or drop us a message on our social media channels. Don't just take our word for it though make sure to watch the student testimonials and video interviews to find out why students have made us their number one choice.

David Gleed
Chief Executive and Executive Principal

Open Events and Campus Tours

Our Open Events are held at various times across the year and take the form of online or on-site events.

We've 100s of courses on offer and we want you to explore our facilities whilst having the opportunity to speak to tutors and current and past students. You can also apply for a September 2024 start at our events.

Make sure you keep an eye on our website for full details and to pre-register! www.northkent.ac.uk/events

Reasons to be part of NKC

1 Motivated & Supported Students

Our students are highly motivated to succeed and this is encouraged by the high expectations of our tutors. Keeping the curriculum active and varied enables students to experience a broad range of learning activities so you progress well. Our Ofsted results reinforce the idea that our students do make better than expected progress and this is down to their motivation to succeed, coupled with supportive teaching and an mature learning environment.

2

Professional Work Placements

Our tutors work successfully to ensure that you develop your skills in realistic work situations, making use of high-quality facilities and resources, enabling students to learn to work to industry standards. These facilities include our commercial areas where students work in real environments, including our salons, restaurants, Miskin Theatre and Miskin Spa.

3

Equivalent of A Levels

All of our Level 3 courses are the equivalent of A Levels and give you the UCAS points to apply to university.

4

Ranked 2nd Place Nationally

North Kent College has ranked 2nd place nationally (out of 169 General FE Colleges) for Level 3 (A Level equivalent) achievement rates in 2019.

*Last date these figures were published

**5**

'Good' rating from Ofsted 2017

NKC prides itself on the fact that we provide you with an education that fully supports the start or change of your career after your GCSEs, A Levels or even later in life. The College is rated by Ofsted as 'Good'. With job-realistic facilities, great teaching and links to employers, we ensure that you will get the training that will make you a desirable candidate for employers and will strengthen university applications.

6

Progression Routes

We actively promote progression from our Further Education (FE) programmes onto university programmes which raises aspirations. We continuously educate and empower our students to consider Higher Education (HE) as a valuable progression route into their desired career.

7

Great Training

Tutors use the College's realistic working environments to develop students' practical skills, such as the hair and beauty salons, motor vehicle workshops and training kitchens.

8

Excellent Atmosphere

We have an inclusive culture and atmosphere; the College is welcoming and students enjoy their studies and have mutual respect for one another, with a clear understanding of their responsibilities.

9

Employer Partnerships

We are dedicated to creating powerful partnerships with commercial organisations both locally and nationally. We work with businesses of all sizes, from organising work-based projects for individuals, to corporate training programmes and everything in between. Our links with employers ensures our students obtain the highest level of opportunity to develop their skills on industry placements and internships (where applicable).

Students' Union

The Students' Union (SU) is run by students and promotes the interests of the student community. Every student becomes part of the Union from the day they join us to the day they leave us – but it's up to you as to how involved you want to be from being part of the Executive Committee, to being a Class Representative. You could even become a Student Governor or SU President.

Learner Voice

It is important to us at NKC that all students are given the opportunity to have their voices heard. The Learner Council is a democratic system based on government principles as identified in Fundamental British Values. Learner Voice provides learners with the platform to share persuasive arguments to improve elements of learner experiences. Class representatives will have the opportunity to develop integrated employability skills, election and voting processes.

Qualifications Explained

Entry Level Certificates

These qualifications are available to those who may not have the GCSE grades to go straight on to a Level 1 mainstream course, acting as a step-up qualification.

UAL, NCFE & BTEC Diplomas

These are one or two year full-time courses specialising in a specific vocational area at Levels 1 to 4. They are made to accommodate the needs of employers and allow for progression to university, providing practical real-life learning with a key theoretical background. BTECs and NCFEs Level 3 can be taken instead of A Levels as a route to university.

VRQ (Vocationally Related Qualifications)

These courses, much like BTECs, specialise in specific vocational areas from Level 1 to 3. They aim to prepare you for the world of work focusing on a practical hands-on approach to learning, with theory to support this. These qualifications aim to help you find employment or progress within your career.

City and Guilds

These are job-based qualifications that are specifically designed to improve the work skills of employees and are suitable if the career you want requires a practical based training programme, or is ideal if you're already in a job and need to further your skills.

T Levels

T Levels are advanced Level 3 courses and equivalent to 3 A-levels. They offer longer periods of Industry Placement (usually up to 3 months). The course is a combination of in-class study and work placement.

Access to Higher Education

These courses are for people over the age of 19 who are interested in taking on an undergraduate degree programme, who do not already have the required qualifications.

Apprenticeships

With an Apprenticeship you will be employed with an organisation and will do your technical training at

the College. This means you will get paid and achieve a qualification at the same time. An Apprenticeship can take between one and four years to complete and covers over 1500 job roles in a wide range of industries.

Foundation Degrees and HNC/Ds

Foundation Degrees and Higher National Certificates and Diplomas are undergraduate qualifications that are equivalent to years 1 and 2 of a university Bachelor's Degree. These programmes offer a more vocational element to university degrees, often with links to the industry itself.

Professional Qualifications

These provide practical and work-related skills and the opportunity to gain nationally recognised qualifications, including AAT (Association of Accounting Technicians) and CACHE (Council for Awards in Care, Health and Education).

GCSE English & maths

It is a Government requirement that all 16-18 year old students who have not yet passed GCSE English and maths with at least Grade 4 or C, to continue to study English and maths from the age of 16. Students who come to us with a Grade 3 or D at GCSE will receive support throughout the year to be able to re-take their GCSE in the Summer term. Students with a Grade 2 or E or below will be enrolled on Functional Skills programmes in English and maths which act as a stepping stone towards taking the GCSE in future years.

Work Placements

The industry placement scheme particularly, is designed to give students on Level 2 & 3 courses, approximately 50 days of relevant and substantive industry placements.

GCSE Grading Structure

9	A*
8	A
7	
6	B
5	C
4	D

Facilities at North Kent College

North Kent College comprises of three campuses located across the County of Kent, Dartford Gravesend and Tonbridge. We offer vocational courses and all of our campuses have distinct work-place like qualities where students can train in industry-standard facilities which prepare them for employment.

Miskin Creative and Performance Studios

The new state-of-art studios at Dartford comprise of a two-storey building containing 2,836 sqm of educational floorspace, including a performance venue, dance studios, music performance spaces, digital design classrooms and workshops, and a new food court and social zone serving the whole College campus.

NEW!

Dartford Campus

Our Dartford Campus is located slightly out of the town centre on Oakfield Lane and the campus has several green open space areas for students to enjoy.

Our Dartford Campus offers students and staff a FREE Shuttle Bus service from Dartford Station running regularly in term times.

The campus boasts the highly acclaimed Miskin Theatre and our brand new industry leading state-of-the-art Miskin Creative and Performance Studios (opened in September 2022). We also host our own Miskin Radio Station and shows on-site from our very own Miskin Studios.

The campus offers our Lee Stafford Hairdressing and Beauty Salons which are open to the public.

We also offer excellent sports and fitness facilities located at the "Osterberg Centre." So called Osterberg because part of the Oakfield Lane campus was purchased in 1895 by Martina Bergman-Osterberg, who created a physical training college specialising in gymnastics for girls and young women. She is also credited for the introduction of the use of gymslips for women playing sports, and played a key role in the early development of netball. Physical Education continued on the site until 1986.

We have a Learning Technology Centre which is a fabulous resource for both study and leisure. We offer our smaller cafeteria called The Atrium Coffee House and our main restaurant and snack bar area which can accommodate over 200 students. Both offer great deals on breakfast, lunch and snacks.

Gravesend Campus

Our Gravesend Campus is located slightly outside of the town centre and hosts a blend of courses for vocational trades and specialist careers which give it a distinct workplace-like quality.

The Campus also boasts The National Maritime Training Centre which is a leading provider of maritime education and practical training, providing up-to-date equipment and expert training using dedicated specialist classrooms, a Fire Training Ground and Thameside Jetty.

In the Construction and Engineering workshops there are types of equipment and workplace practices that mirror the best employers in the industry along with workshops for engineering, plumbing, brickwork and many more trades.

In Motor Vehicle, Catering and Hairdressing operations you will see customers being served to the standards that market leaders expect in the real world.

We have our main restaurant called "The Canteen" which offers great deals on breakfast, lunch and snacks.

We have a Learning Technology Centre which is a fabulous resource for both study and leisure.

The campus also hosts state-of-the-art classrooms, a commercial restaurant, open to the public called The Gallery, and a swimming pool.

Apply
now

300
SEAT
AUDITORIUM

Tonbridge Campus

Our Tonbridge Campus, is located on Brook Street and within walking distance of the station.

The state-of-the-art campus offers students the benefit from new buildings, including a fantastic auditorium (media and arts centre) seating over 300 people, providing a flexible teaching and performing space for our Miskin Music and Applied Theatre students.

We also offer a fully renovated light and airy art and design studios, photography studios and a darkrooms and a well-equipped learning resource centre which is a fabulous resource for both study and leisure.

We offer our main restaurant called "The Brook Street Restaurant" offering great deals on breakfast, lunch and snacks

There are a range of facilities open to staff, students, and the public, including Hairdressing and Beauty Salons and our View Restaurant with stunning panoramic views over the Weald and beyond!

T-LEVELS

THE NEXT LEVEL QUALIFICATION

WHAT ARE T LEVELS?

T Levels are new courses for 16-18 year olds which follow GCSEs and are equivalent to 3 A-Levels. These 2-year courses, have been developed working with employers so that the content meets the needs of industry and prepares students for skilled employment, higher study or Apprenticeships.

T Levels offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement of at least 315 hours (approximately 45 days). Students get valuable experience in the workplace and employers get early sight of the new talent in their industry.

T LEVELS INCLUDE:

- ↑ Technical knowledge and practical skills specific to the student's chosen industry or occupation.
- ↑ An industry placement of at least 45 days in their chosen industry or occupation.
- ↑ Relevant English and maths skills.
- ↑ Common workplace skills.

Students who achieve a T Level will get a nationally recognised certificate which employers will use as evidence in their recruitment.

WHO ARE WE WORKING WITH?

North Kent College continues to develop opportunities for high quality work placements , a small selection of who we collaborate with is listed below:

- ↑ ISG Ltd
- ↑ Willmott Dixon
- ↑ Ebbsfleet Development Corporation
- ↑ Balfour Beatty PLC
- ↑ Prepworld

We're planning to offer more T Levels in the future, do keep an eye on our website as other subjects are made available.

NEXT STEPS AFTER T LEVELS?

Once you have achieved your T Level, you will be able to choose between:

- ↑ A skilled occupation
- ↑ Higher or degree level Apprenticeships
- ↑ Studying at university.
- ↑ Contact us now to find out more about T Levels.

WHAT CAN I STUDY?

T Levels are being introduced gradually around the country, and North Kent College is recruiting now for **Construction, Engineering and manufacturing, Early Years, Health and Accounting** T Level qualifications.

Options After Your GCSEs

There are many options after your GCSEs, from vocational programmes, to A Levels, to Apprenticeships and they can all lead to your chosen career, but what are the best routes for you? Here's an idea of the paths you can take.

Levels of study

Depending on GCSE results (or predicted results), our tutors will recommend what level of study to apply for. This will be discussed at interview, but can be moved at enrolment after GCSE results.

As you can see, after GCSEs, students can start at Entry Level or Level 1 or 2 which are completed in 1 year and move to Level 3 which is equivalent of A Levels, or you can go straight into a two year Level 3 programme and move onto Level 4, university or into employment once completed.

For students wishing to go to university or study Higher Education programmes, a Level 3 Extended Diploma is required by universities in the subject (or closely related subject) to the one you wish to study. We have a number of courses that can lead to university.

Work Placements

Our vision is for our students to be the first choice for employers.

A work placement is one of the best ways for you to achieve this and be career-ready at the end of your course.

During your education programme at Level 2 or 3, you'll get the chance to work with some successful local SMEs, prestigious organisations in and around London or some innovative start-ups, all relevant to the qualification you're studying.

You'll be expected to complete a work placement of approximately 315 hours (45 days) over the year, either 1 or 2 days a week whilst you are not timetabled to be at College.

The placement forms an integral part of the education programme because they are with employers that are highly relevant to your studies and appropriate to your end qualification. They deliver real opportunities for you to apply what you are learning at College, into a work setting and some lead to permanent job or Apprenticeship offers at the end of the course.

You'll also receive careers advice, help with writing CVs and application forms and developing interview techniques. Our industry placement team will support you in the application process and guide you on the employability skills needed to succeed in the workplace.

The Benefits of a Work Placement:

- 1** You will be working in the industry of your choice, giving you a better chance of employment after you graduate
- 2** You will be able to apply the learning from your classroom, into a real business environment
- 3** You will be working with and learning from employees within your chosen industry
- 4** You will be working for a company who may be looking to recruit in the future and who will remember you
- 5** You can find your own placement in a company you want to work for – this means you get to make a great first impression with a potential employer
- 6** Having a placement on your CV shows you are committed to the industry and willing to work hard – this puts you ahead of other applicants when it comes to applying for jobs
- 7** You can use your part-time job as a placement if it is in a relevant industry
- 8** An industry placement will enhance your UCAS application if you are progressing to University

By applying for a Level 2 or 3 course, you can participate in the industry placement scheme.

Apprenticeships at North Kent College

Why not start to build your career with an Apprenticeship?

Did you know North Kent College is one of the country's leading Apprenticeship providers (Hadlow College is one of the country's Land-based Leading Colleges)

No matter what stage you are within your career, whether just starting out in the world of work or already an established member of staff, Apprenticeships can support you to develop your skills, knowledge and behaviours in your chosen profession via an Apprenticeship scheme, and is perfect solution to earn while you learn.

What is an Apprenticeship?

An Apprenticeship is a real job that gives you a learning platform to train and develop your skills, knowledge and behaviours in your chosen profession.

20% of your contracted working hours will be spent in training and development, either with us at college, or even in your workplace. The remainder of your time will be spent applying and developing your skills and knowledge deeper in your workplace,

Apprenticeship FAQs

Do Apprentices get paid?

As an Apprentice, you'll usually be employed to work a minimum of 30 hours per week and be paid a wage no less than the National Minimum Apprenticeship Rate – £5.28 per hour, for the time you are in work and in off-the-job training.

You can also undertake an Apprenticeship if you are a part time employee, in these circumstances we will review your part-time working hours and extend the duration of your Apprenticeship to ensure you receive the required level of training needed.

The amount you are paid is based on several factors including your previous experience and current skill set. Within some job roles your wage may increase as you progress and take on more responsibility. You will also receive the same benefits as any employee, including a holiday pay

Who can do an Apprenticeship?

Apprenticeships are open to anyone who is 16 years old and over, has a right to work in England and is not in full time education. There is no upper age limit and available to anyone whether starting out on their career or for those who have been working for some time.

Please check our website
for the most-up-to-date
Apprenticeship information as
these are subject to change

We offer:

Whilst every effort has been made to ensure that the information contained within this guide is accurate, North Kent College cannot be held responsible for omissions and errors. We reserve the right to introduce changes to the information at any given time. Information accurate at time of print.

Levels of Apprenticeships

Apprenticeships can now support your learning ambitions to the highest level however it is important to know that Apprenticeship levels are based on the job role and duties and responsibilities that sit within the Job Role. (even though you may have higher-level qualifications and or other subjects you could still undertake an Apprenticeship at a lower level.)

Apprenticeship Levels are set and equivalent to:

2 Level 2 (Intermediate):
GCSEs

4 Level 4 (Higher):
Foundation degree

6 Level 6 (Degree):
bachelor's degree

3 Level 3 (Advanced):
A-levels

5 Level 5 (Higher): foundation
degree/first year of bachelor's degree

7 Level 7 (Degree):
master's degree

What do I need to know about English and maths?

English and maths are a fundamental part to successfully achieve your Apprenticeship, they are essential to support your longer-term career prospects and progression. As an apprentice you will be required to achieve a Maths and English qualification (if you don't already have one) as part of your Apprenticeship. Each Apprenticeship programme we offer has specific Levels of Maths and English that are required on entry to starting your Apprenticeship.

What is the End Point Assessment?

Once your Apprenticeship's practical training period is completed, you will be entered through the Apprenticeship Gateway. Once you have been

accepted and approved through the Gateway, The End Point Assessment Organisation (EPAO) will appoint an independent assessor, who will undertake a series of competency tests on you, this could include, an exam, a practical observation of skills learnt, professional discussion, Review of your portfolio of evidence and or project

The End Point Assessment is your opportunity to demonstrate that you are genuinely competent in your occupation by allowing you to showcase what you have learnt throughout your Apprenticeship. Each Apprenticeship programme has a slightly different assessment approach however what they all have in common is that they'll assess the knowledge, skills and behaviours you have developed during your Apprenticeship.

To find out more or to see which Apprenticeships are available visit:

Access to Higher Education

Access to Higher Education Diplomas are qualifications that will prepare you for entry into university, if you do not already have the traditional entry requirements. Access courses are for anyone over the age of 19 who wants to gain a relevant Level 3 qualification to move on to an undergraduate programme at university or North Kent College.

Our Access course has a high success rate of getting our students into university and ultimately into their dream job. It can be difficult coming back into education after some time away, but we understand this and are able to fully support you with this transition. We will guide you through the course to develop your academic skills and knowledge as well as developing your research techniques and understanding of referencing systems. We will get you back into the mind-set for writing essays and thinking from an academic perspective, which you will need at university level.

Courses on offer	Level	Campus
Access to Nursing & Healthcare	3	Multi-sited

If you have never studied at Level 3 (A Levels) or above, and are aged 19-23 years, there are no tuition fees for these courses. If you're aged 19+ and have studied at Level 3, the Advanced Learner Loan can be applied for from Student Finance England.

Please note:

Once you complete your University course your Access loans are written off. However, you will need to go straight to University without gap years, for the loan to be written off.

Future careers

Nurse

Midwife

Psychologist

Paramedic

Residential Care Worker

Counsellor

Social Worker

Physiotherapist

“

I know people who have previously attended this course, who are now qualified nurses. This inspired me, also that they also spoke of the support and encouragement given by the college, tutors and fellow students...This has all proven to be true.

The standard of teaching in my opinion is excellent, coupled with genuine support from all the tutors.

Absolutely I would recommend studying the access course, especially to anyone who is over 40 and thinks they may have left it too late. It's never too late.

Rowan Reid, Access to Nursing and Healthcare Professionals

”

Student Welfare

Careers Advice

Our qualified Careers Advisers are available all year-round to help students with impartial, confidential guidance and advice with career choices and planning Higher Education and job applications.

Counselling

College comes with more independence and therefore more responsibility and we know that sometimes life in general can be difficult. Our Counsellors run a confidential and non-judgemental service to help students when they need to talk, whether it's an emotional or personal difficulty. They help our students get through their courses to succeed.

Equal Opportunities

We're committed to the active pursuit of equal opportunities, which is based on the needs and rights of everyone in the College to be treated with respect and dignity. The College aims to ensure that no prospective or existing student, or member of staff receives less favourable treatment on any grounds, including; age, race, colour, nationality, ethnic origins, creed, disability, HIV status, sexual orientation, sex, marital or parental status, political belief or social or economic class. We continue to encourage the inclusion of students with learning difficulties and disabilities.

Disability

The College is committed to responding positively to the needs of all students so that they are able to access a broad offer of curriculum. Specialist staff are available to advise lecturers on appropriate support for individual students and groups.

Student Support

The transition from school to college is an important step and we have a variety of support in place to help young people make the most of their time at college.

Personal Tutors

Every student is allocated a personal tutor for their studies who can assist with academic study related questions, target setting to help ensure achievement and success and to support pastoral needs.

SEN Support

The Learning Support & Inclusion team provides support to students who have an EHCP (Education, Health & Care Plan). There may also be additional support for students with disabilities and for those students with specific learning difficulties, including dyslexia, if supporting evidence is provided.

Student Financial Support

Money and finance doesn't have to be a worrying experience. We want your transition into college to be as smooth as possible. Therefore, we have plenty of information available to help you to understand what costs are involved and how you can find out if you are eligible for any financial support. Don't forget that there are no tuition fees for full-time Further Education courses if you're aged 16-18 years.

Students who are on a full-time course (funded either by the government or via a 19+ Advanced Learner Loan) may be entitled to financial assistance from the College's discretionary bursary which can help with course-related costs and travel to and from college. Bursaries are individually tailored depending on the course the student is studying, where they live and how they travel to college.

The bursary is only a contribution towards course-related costs and travel, so will not necessarily cover the full amount. These costs could include, but are not limited to the following:

- Course contribution/course materials fee applicable to your course
- Essential books, kit, uniform or equipment required for your course
- Free college meals - subject to meeting the criteria set by the Government
- Travel allowance (depending on where you live and the number of days you attend college). Please see website for further information.
- Childcare costs for one child only for students aged 20 or above. Students under the age of 20 should apply to the National Care to Learn Scheme for assistance with childcare

Visit: www.gov.uk/care-to-learn
for more information

Getting to College

It's really easy to get to North Kent College and we are always striving to find the best deals for our students, whether you live locally to Dartford, Gravesend or Tonbridge.

Dartford students – Catch a FREE shuttle bus from Dartford Station to the Dartford campus and back. (Timetable will start in September. The shuttle bus service does not run during the holidays or enrolment.)

For students travelling from a London Borough, you can apply for the 16+ Oyster or 18+ Oyster card through the Transport for London website. This will give free/discounted travel on buses within London up to and including Dartford (Zone 8).

For students travelling from Kent (you must live in Kent) you can apply for the KCC 16+ Travel Saver Card through the Kent County Council Website.

For students aged 16-17 who travel by train outside of London, you can apply through National Rail for a 16-17 Travel card, which reduces the cost of a ticket by **50%** for 16 & 17 year olds.

Students aged 18+ who require to travel by train outside of London can apply for the 16-25 railcard which gives a 1/3 off rail fares.

Students travelling from East Sussex can apply for the 3i-D card in order to pay reduced fares for bus travel. A unique Organisation code (UOC) is required to apply for this card. The UOC for Hadlow is HAD231 and for West Kent (Tonbridge) it is WES93A. To apply please visit the 3i-D CitizenCard website.

The following websites, will give further information on travel discounts and full terms and conditions:

- nationalrail.co.uk
- tfi.gov.uk
- kent.gov.uk
- arrivabus.co.uk
- citizencard.com

How does College work?

College is different to school in both the approach and type of education taught. Schools tend to focus on A Level pathways while College focuses on vocational, hands-on learning to give young people the skills they need to gain employment or go on to university.

Not only are courses delivered in commercial-standard learning environments, from workshops, to salons, kitchens and theatres, but they are taught by industry-experienced tutors with a focus on giving students the expertise that employers need – we're dedicated to helping our students gain employment or progress into higher education on completion of their courses.

For students wanting to start work at 18 we strongly recommend a vocational programme to learn the skills employers want rather than the academic A Level route.

College courses generally run over 3 or 4 days per week which allows students to undertake work placements or work experience, giving them additional employment skills and to earn money. We work alongside employers to offer industry placements alongside your course.

Remember, young people must stay in education or training until 18 years of age, but that doesn't mean they must stay at school – there are alternatives: studying at College, or on the job training through an Apprenticeship.

How to apply

Apply for a Course

Once you have decided on one or more courses that you're interested in, you can apply via our website, using our online application form.

Choosing the Right Course

If you're not sure what you want to study, you can browse our website, which has a comprehensive guide to the courses we offer. You can also book an appointment to see one of our careers advisers who are based at our Dartford, Gravesend and Tonbridge campuses.

When to Apply

Applications open late in September and we would advise you to apply as soon as possible as some course places are limited and we don't want you to miss out. Late applications will be considered, however spaces cannot be guaranteed.

What Happens Next?

Your application will be processed and we'll ask you to come in for an interview; this will be to make sure that you're applying for the right course. You may need to take an entry test, but don't worry it's only to determine what level you're at. You may need to bring examples of work, but you'll be told this prior to your interview. Once accepted, we'll send you a letter to confirm your place.

Enrolment

You will be invited in to enrol at the end of August. You will be advised when to come in and what to bring with you. Once you've enrolled, you will officially be a student with us!

Applying for Higher Education

If you are applying for one of our undergraduate Higher Education programmes, you will need to apply via UCAS. Please see our website for more information.

MISKIN THEATRE

Timeline

September 2023

Start thinking about your options.

Grab a School Leavers' Guide and browse through our course offer – also online at www.northkent.ac.uk

October – November 2023

Time to visit and apply!

Visit our open events! Come and talk to tutors and students about life at NKC and your next steps after school.

Explore our campuses, take tours of our state-of-the-art facilities. You can apply on the day! Once you have applied you'll start to receive our VIP e-shots every month to keep you up-to-date with College life.

December 2023 – February 2024

**Got any questions?
Now is the time to talk and research.**

Seen us at your school? Make sure you keep in contact. If you've already applied we'll be in touch with an interview date. Once you've interviewed we'll be in touch with an offer (* which ultimately depends on your GCSE results).

We also offer Campus Tours in these months so if you missed our Open Day you can book on these online.

APPLY NOW

February – March 2024

Visit us and apply!

Visit our open events! Another chance to come along to talk to us. View our state-of-the-art facilities, take campus tours and talk to tutors and students about life at NKC and your next steps after school. You can apply on the day! Once you've applied you'll start to receive our VIP e-shots every month to keep you up-to-date with College life.

September 2024

Welcome to North Kent College!

Congratulations you are now a fully fledged NKC student! It's official and your start date will be given to you at enrolment along with your ID badge. We look forward to welcoming you and the start of your next chapter here with us at NKC. Thanks for choosing us!

March – April 2024

Revision Time.

Exams are approaching and it's revision time! Keep an eye on our website for all the top revision tips and tricks! All your hard work will pay off – so make sure to take time for yourself too during this busy period.

August 2024

It's results time! Enrolment – here you come.

Got your results – we hope you got just what you wanted. However, don't panic if you didn't or they weren't quite as expected.

We offer courses that start at entry level, so if you don't quite make the grades you expected, don't worry, there'll still be options for you. Or alternatively if you get better grades than expected we'll look at all the options for you.

May – June 2024

Best of luck!

Good Luck in your exams! Wishing you the very best of luck with your upcoming exams. We're waiting to hear how you got on and will offer any support needed.

July 2024

Summer Time – Go and enjoy yourself.

It's time to go and enjoy your Summer break! During the Summer, you will be receiving a letter inviting you to enrolment in August – exciting times ahead! Remember any questions we're still here to help over Summer. Just give us a call.

Connor Furlong Computing

With his hard work and dedication, Connor secured a full-time job as an IT Support Engineer at Pitch Partners. As part of a team of enthusiastic technical experts, Connor is committed to providing the very best IT and Cloud services to businesses of all sizes.

Bobby Johnson Acting

My time at Miskin was unbelievable. It was the best three years of education in my life, and they really helped me find myself and my passion for acting. I cannot speak highly enough of the acting course tutors, they spent so much time to make sure each actor felt cared for and pushed every single one of us to the max to make sure we achieved the best we could. Forever grateful to them!

Deimante Maciulyte

Beauty

Being at North Kent College changed my career! As english is not my first language it was hard to start but they gave me the support and guidance to get me where I am today. I have been working in the beauty industry for 7 years and love it!

Alanna Whiddett

Art

Doing art helped me get the career I am in now, a full time tattoo artist, and I truly believe without the course that I did I would not have had the experience I needed to get where I am today.

Lewis Gilbert

Public Services

I would recommend studying at North Kent College because not everyday is the same and you will gain some amazing opportunities, alongside receiving support and guidance from your lecturers.
